Lilley's Guernsey Bulbs

AND

FLOWER ROOTS.

WHOLESALE LIST.

Postal Address

FRANK LILLEY,
BULB GROWER,
GUERNSEY.

Telegrams: "LILLEY, GUERNSEY."

Bulb Grounds:

LES HÊCHES.
LES MÉNAGES.
LES BRULIAUX.
LES NOUETTES.
LES ROCQUETTES.
LES MARAISGUIS.
LE MARCHEZ.
LE POUQUILLET.
LE CROIX DES MARCHEZ.

LILLEY'S GUERNSEY GROWN BULBS require no introduction, being well known in the trade.

LILLEY'S always aim at supplying at the lowest price it is possible to produce the best article, viz., a Bulb free from **disease, sound, hard, dry**—in fact, a Bulb which will grow right away on being planted.

Being grown in stiff loam, they are not so large as the Dutch, but are heavy and firm.

LILLEY'S wish to take this opportunity to thank purchasers for their regular support, and for their kind recommendations to friends in the trade.

In conclusion, LILLEY'S intend sparing nothing to ensure their well-known quality being maintained.

TERMS.

PRICES quoted are for British, and remittances should always be made in British Sterling.

ACCOUNTS due net Six months, and in no case can credit be extended beyond 1st May. Five per cent. allowed off Catalogue Prices if paid within one month; 2½ per cent. 3 months.

REFERENCES.—From new customers, orders are not executed unless accompanied by satisfactory references or cash.

CARRIAGE.—All orders are delivered F.O.B. Guernsey, and unless stated will be consigned at Cheapest Rate. All claims for damage or delay being made by customers.

PACKAGE.—Boxes or cases are charged at cost price, and full allowance is made if returned within 14 days in good condition.

RATES.—Not less than 50 at 100 rate, 250 at 1,000 rate. Special quotations for large quantities.

COMPLAINTS.—No complaints as to the quality of goods can be entertained unless made immediately on receipt of same.

INDEX.—See page 24.

When ordering from Guernsey, be sure you get Guernsey Grown Bulbs.

QUOTATIONS.

LILLEY'S will be pleased to quote specially for large quantities of Bulbs or Roots.

Owing to shortage of labour it is necessary that inquiries be sent in early.

NARCISSI.

The Narcissi offered below are all grown in my Bulb Grounds, as well as many others for which I shall be pleased to quote. I guarantee all Bulbs to be hard, dry, sound, true to name, and heavier than any others of the same size. Guernsey Bulbs ripen early, and when forced will flower earlier than any others.

NERINES.

These beautiful miniature Amaryllis-like flowers are becoming very popular. The large umbels of richly coloured flowers are borne on strong wiry stems from 1ft. to 2ft. high; the petals glisten and sparkle as if set with jewels.

Culture.—Pot in rich sandy loam, with the addition of a little charcoal; they will require no shift for several years. Give liquid manure when in growth, and water freely. As soon as leaves begin turning yellow, dry off and place on dry sunny shelf **without water** until flower spikes show, excepting Bowdenii, which does not require so much drying off. Temperature in Winter 45 deg. and 50 deg. Culture is easy if instructions are followed.

Supplied June—September.	Doz.		100	
BOWDENII.—By far the largest and most floriferous of all Nerines, with long delicate pink petals, 6 to 10 flowers on tall strong stems; specially recommended as hardy ... ... Flowering bulbs	10	0	75	0
